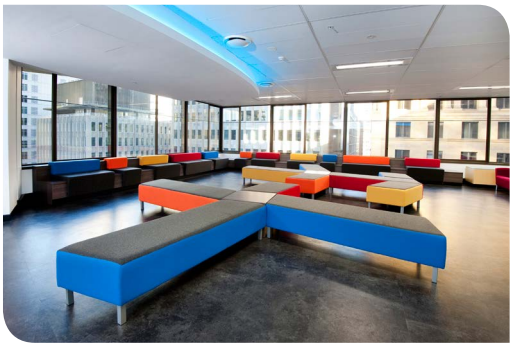
cliftons
your vision our venues

Versatile Innovative Space

Cliftons has over 16 years' experience providing purpose built innovative venues for computer training, conferences, meetings and corporate events. All our venues come complete with dedicated customer service teams and world class technical infrastructure to help you deliver your vision.

Global footprint:

Since 1997, we have been delivering seamless event solutions around the globe. Our award winning venues situated in CBD locations across Asia Pacific and our network of 7,400 venues in more than 3,000 locations allow us to seamlessly deliver client events and training programmes, wherever they are.



Dedicated support:

Cliftons customer service team will streamline the organisation and delivery of your event or regional training programme with a suite of solutions, tailored to your needs. We are on hand to provide planning and implementation services, global support and planning, document management solutions, on site technical, operational and administrative support and event registration management. We also provide a full range of catering services, and tea and coffee is available throughout the day in our spacious break out lounges.

cliftons
your vision our venues

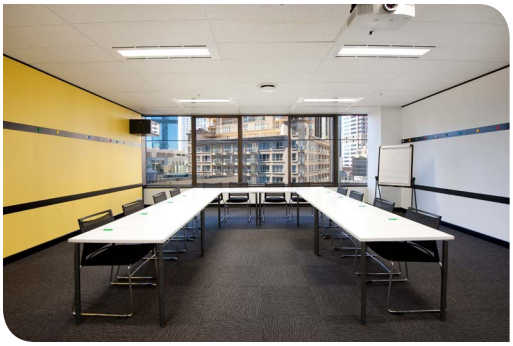
Versatile Innovative Space

Technical infrastructure:

Cliftons venues are equipped with enhanced technical infrastructure, dedicated service teams, secure networks, fast internet connectivity, image loading services, smart boards, printers and data projectors. Our infrastructure includes over 2,000 PCs and laptops ready to be configured to your specification, and specially designed computer desks, ergonomic chairs and supplementary air conditioning to ensure a comfortable working environment. All locations are equipped with two physically separated internet connections ensuring reliability, speed and built in redundancy.

Services at a glance:

- Premium venues in central locations
- Secure event, training and meeting rooms with acoustic treated walls
- Comfortable break out areas for networking or private discussions
- Video conference facilities to link in other offices or external presenters
- Global venue and services network for international project rollouts
- World class technical infrastructure and internet services
- On site technical, administrative and customer support teams
- Event administration and online registration platform
- Full catering services
- Extended opening hours



Contact us for more information today. We welcome the opportunity to deliver your vision at our venues.
