BRAIN FOOD CATERING

Developed in conjunction with Nutrition Australia, Cliftons offers a range of fresh and delicious menus to ensure that your audience or delegates stay alert, engaged and switched on.

All dietary needs are taken care of with a rotating menu of breakfast, morning and afternoon teas, and lunches to ensure variety, even across a week long course. Canapes and drinks are a great way to celebrate the close of your program and can be arranged to follow-up your event in a VIP reserved breakout area.

Of course, tea, coffee and light refreshments are included at no cost in all room bookings and are available throughout the day should you need an extra boost!

Cliftons offers:

- Fresh, healthy and nutritious catering
- In-house 'buffet' lunch
- Wide range of local cafes, which accept Cliftons lunch vouchers
- 4 day rotational menus for extended events
- Special dietary needs met
- Fresh coffee, tea, filtered water and healthy snacks available all day

Why not streamline the organisation and delivery of your event by utilising Cliftons full suite of training and meeting solutions? From Online Registration to printing of course materials, Cliftons is there to support you every step of the way.
