CONFERENCE AND SEMINAR VENUES

Cliftons draws on over 12 years experience in providing premium meeting and training facilities for clients. Our venues are the best in the business– a fact recognised in the 2010 LearnX Asia Pacific Awards.

Our service model, providing dedicated Administration and Technical staff, is designed to ensure you maximise the effectiveness of your conference or seminar.

One point of contact provides peace of mind, arranging all your venue, catering and technical needs. With the largest network of venues across Asia Pacific and beyond, Cliftons delivers consistency and reliability.

From the things you can't see, such as individually climate controlled rooms and commercial grade lighting through to the things you can't help but notice such as generous breakout areas and continuous complimentary tea, coffee and biscuits– Cliftons ensures your event is a success.

During breakout sessions your attendees can dig into the healthy refreshments whilst relaxing in large, comfortable and dedicated spaces, engage with each other, read the daily newspapers or check their emails on the free Internet kiosks and complimentary wireless Internet access.

Cliftons Seminar Venues include:

- Free data projector
- Free flip-chart
- Free whiteboard
- Free laptop or PC for instructor
- Free high-speed Internet for instructor
- Free continuous tea, coffee and light refreshments
- Free on-call Cliftons Administration staff
- Free on-call Cliftons Technical staff

Why not streamline the organisation and delivery of your event by utilising Cliftons full suite of training and meeting solutions? From Online Registration to printing of course materials, Cliftons is there to support you every step of the way.
