GOVERNMENTS AND COUNCILS

For over a decade Cliftons have been Asia Pacific's leading provider of Computer Training, Conference, Seminar and Video Conferencing facilities. Cliftons are proud to have supported the Australian Public Service with the country's foremost collection of professional training and meeting venues.

Cliftons provides local, State and Federal Government departments with the facilities and technology to support training, meetings, conferences and roll-outs.

When Government departments undertake professional development, have a need to train and up skill staff, introduce a new computer system, or hold an off-site meeting or planning day; Cliftons provides the most modern, ergonomic and convenient training environments.

Here's how we do it:

- A dedicated Account Manager to handle all your national requirements
- Government special pricing available across all our venues
- All inclusive room rates to make your budgeting easier
- Specialist training environments in all our venues
- Natural light and supplementary air conditioning
- Hi-spec AV equipment including built-in projectors and screens
- State-of-the-art Computer Training rooms
- Ergonomically designed training furniture
- Public transport close to our CBD locations
- On-site Technical and Administration support
