ONLINE SOLUTIONS

ONLINE REGISTRATION

Cliftons Online Event and Conference Registration allows meeting and training course attendees to register online through a convenient and secure portal.

The registration platform is a managed, web-based solution, which can be up and running in minutes and accessed from anywhere via the web 24/7.

Our customised course overview portal can be set up for a one-off event or an entire curriculum, giving details of course content, location, time and any other relevant information.

Simplify and Automate Event Administration

Cliftons Online Registration makes course planning and event management more convenient, efficient and secure for attendees and organisers alike by automating many manual processes including:

- Course instructions and preparation emails
- Email and SMS text reminders
- Course capacity management
- Attendance and course completion records
- Presenter and venue management
- Online Feedback Surveys

Benefits:

- Easy, safe and quick online process for delegates
- Instant email confirmation and receipt of registration
- Reduced event administration costs and paper work
- Professional image to complement events
- Implemented in minutes—no hardware purchases, no software installs
- Automated upgrades—immediate access to all software updates and new features
- 24/7 access from any Internet connection worldwide
- Peace of mind—your business information is securely stored and automatically backed up

ONLINE FEEDBACK SURVEY

Gain insight into the effectiveness of your course or meeting by surveying your audience at the conclusion of your session.

Cliftons Online Feedback Survey is a simple and convenient web-based facility that allows you to customise the format and questions to your needs and have participants log in at any time to update their feedback.

Surveys can be used to identify additional training needs, gauge the effectiveness of the content and structure of your presentation, understand the impact of the trainer and monitor trends in customer demand.

Key Benefits:

- Provide a convenient and accessible facility for attendees
- Access detailed reporting anywhere, anytime
- Easy to set-up– simply let us know what questions you'd like covered and we'll prepare the survey
