WHAT OUR CLIENTS SAY ABOUT US

"Having just one contact person, and one supplier sending us invoices, means we could focus our energies on training coordination and student scheduling rather than logistical delivery, enabling us to accomplish a lot more than we would if we had to organise venues, PCs and tech support ourselves."

Joanne Kruger, National Operations Manager, ThreeSixty

"Cliftons were fantastic in assisting me with finding a room quite quickly, last minute changes to our original venue meant we had to locate to an alternative location within an hour. Cliftons were efficient in getting the space ready for our workshop and I found the service was fantastic, especially as my request was at short notice. I have recommended them to my colleague for their off-site workshop as I have found them easy to work with."
